

Development Services “After Hour” Inspection Requests During the Winter Holiday Schedule December 26th—30th

City offices will be closed for the Winter Holidays from December 26th—30th. As such, the department will not be conducting its regular plan/plat review and inspection services. In order to prevent any construction delays, Development Services will perform “after hour” inspections on December 28th and 29th. The fee for “after hour” inspections is \$100/hour with a one hour minimum (per permit or plat number). After hour inspections will be limited to concealment inspections such as foundations, interior walls, ditches, roads, etc. In order to schedule an after-hour inspection, please call one of the following numbers:

Permits with an AP Number	207-0220
Permits with a Plat Number	218-2935

Please note, you will not be able to schedule the inspection on-line. As such, the administrative inspection scheduling fee will not apply.

The deadline to schedule an “after hour” inspection is 4 p.m. on Thursday, December 22nd. All “after hour” inspection fees will need to be paid for at the time of scheduling the inspection.
